Immerse Yourself in the World of HD Entertainment with a 1080P Home Theater Projector

Product Description:

The T2 Mini Projector is a high-performance digital LCD projector that delivers sharp 4K images in stunning clarity for an immersive viewing experience. It features a powerful 2W*2 speaker, high brightness, and high resolution of 1280x720. With a long-lasting lamp life of up to 30,000 hours, you can enjoy your favorite content without worrying about replacing the projector. The T2 Mini Projector also features an aspect ratio of 16:9/4:3, making it perfect for movie nights and video games. With its Android Smart Projector technology, it supports a wide range of media formats and provides smooth playback with no lag. Enjoy an immersive viewing experience with the T2 Mini Projector.

Rolling Away Is Not Clear

There is a focus wheel on the top of the camera. When the screen needs to be focused, simply roll the wheel left and right to complete the focus.
